

What you have to say about us

At The Huntercombe Group we place emphasis on the views of our contacts and partners in the services we offer. Here are some comments from a recent survey of our contacts.*

“I have been particularly impressed with your speed of response and ability to assess families and young people quickly.”

“Package of treatment provided was very thorough. I appreciated the sense that discharge planning was considered from the very beginning.”

“The introduction of a formal pre-admission assessment with referrer, client and Huntercombe staff was very successful.”

“Staff provide a very friendly, warm atmosphere. They are very supportive and provide a high level of care.”

“I think that environment and staff approach are key to the success of the acquired brain injury rehabilitation and I was impressed by both.”

“The services and staff are very good. The approach is flexible and communication is also very good.”
